In *Overcoming Niagara*, Janet Dorothy Larkin analyzes the canal age from the perspective of the Niagara Great Lakes borderland between 1792 and 1837. She shows what drove the transportation revolution: not the conventional story of westward expansion and the international metropolitan rivalry between Great Britain and the United States, but a dynamic connection, cooperation, and healthy competition in a transnational borderland region. Larkin focuses on North America's three most vital waterways: the Erie, Oswego, and Welland Canals. Canadian and American transportation leaders and promoters mutually sought to overcome the natural and artificial barriers presented by Niagara Falls by building an integrated, interconnected canal system, thus strengthening the borderland economy and propelling westward expansion, market development, and the Niagara tourist industry on the heels of the Erie Canal's bicentennial in 2017. *Overcoming Niagara* explores the transnational nature of the canal age within the Niagara Great Lakes borderland and its impact on the commercial and cultural landscape of this porous region.

The Erie Canal: Great Destinations is the first comprehensive travel guide to New York State canals and the communities and attractions found along them. Each chapter covers one canal, providing historical background as well as information on wineries, canal museums, restaurants, lodging, canal cruises, and bike paths in all the major cities, many of the small towns and villages, and the two biggest Finger Lakes. The guide offers separate sections on Buffalo, Albany, Syracuse, Utica, and Rochester, and their outlying areas, as well as a chapter on Niagara Falls with coverage of three smaller canals in the region: the Oswego, Champlain, and Cayuga-Seneca. This is undoubtedly the most extensive guide to the canalways of the state.
