this book focuses on the chaos that overtook england on the eve of the first world war dangerfield weaves together the three wild strands of the irish rebellion the rebellion in ulster the suffragette movement and the labour movement to produce a vital picture of the state of mind and the most pressing social problems in england at the time the country was preparing even then for its entrance into the twentieth century and total war dangerfield argues that between the death of edward vii and the first world war there was a considerable hiatus in english history he states that 1910 was a landmark year in english history in 1910 the english spirit flared up so that by the end of 1913 liberal england was reduced to ashes from these ashes a new england emerged in which the true prewar liberalism was supported by free trade a majority in parliament the ten commandments but the illusion of progress vanished that extravagant behavior of the postwar decade dangerfield notes had begun before the war the war hastened everything in politics in economics in behavior but it started nothing george dangerfield s wonderfully written 1935 book has been extraordinarily influential scarcely any important analyst of modern britain has failed to cite it and to make use of the understanding dangerfield provides this edition is timely since the year 2010 has seen a definitive resurrection of liberal power subsequent to the general election of july 2010 the government of the united kingdom has been in the hands of a conservative liberal democrat coalition the deputy prime minister is the leader of the liberal democratic party the direct successor of the old liberal party examined by dangerfield five liberal democrat members of parliament were appointed to the cabinet and there are liberal democrat ministers in all governmental departments after decades of absence from government power liberalism seems to be back with a vengeance provided by publisher

at the beginning of the twentieth century england s empire spanned the globe its economy was strong and its political system seemed immune to the ills that inflicted so many other countries after a resounding electoral triumph in 1906 the liberals formed the government of the most powerful nation on earth yet within a few years the house of lords lost its absolute veto over legislation the home rule crisis brought ireland to the brink of civil war and led to an army mutiny the campaign for woman s suffrage created widespread civil disorder and discredited the legal and penal systems and an unprecedented wave of strikes swept the land this is a classic account first published in 1935 of the dramatic upheaval and political change

that overwhelmed england in the period 1910 1914 few books of history retain their relevance and vitality after more than sixty years the strange death of liberal england is one of the most important books of the english past a prime example that history can be abiding literature as a portrait of england enmeshed in the turbulence of new movements which often led to violence against the pieties of liberal england until it was overwhelmed by the greatest violence of all world war i this extraordinary book has continued to exert a powerful influence on the way historians have observed early twentieth century england

a union list of serials commencing publication after dec 31 1949

britain has not been successfully invaded since 1066 nor in nearly 1 000 years has it known a true revolution one that brings radical systemic and enduring change the contrast with britain s european neighbours france germany italy spain greece russia is dramatic all have been convulsed by external warfare revolution and civil war and experienced fundamental change to their ruling elites or social and economic structures frank mclynn takes seven occasions when britain came closest to revolution the peasants revolt of 1381 the jack cade rebellion of 1450 the pilgrimage of grace in 1536 the english civil wars of the 1640s the jacobite rising of 1745 6 the chartist movement of 1838 48 and the general strike of 1926 why at these dramatic turning points did history finally fail to turn mclynn examines britain s history and themes of social religious and political change to explain why social turbulence stopped short of revolution on so many occasions
